FIXING THE TRACK.

The Old Trotting Park to be Used This Summer.

Several of our townsmen who take pride in speedy horse flesh have made arrangements to put the track at the trotting park in condition for the summer and the work will begin to-morrow.

Among those who have interested themselves in the matter are Councilman F. E. Maguire, Dr. Longacre, T. M. Stout, John A. and H. W. Titman, Jesse B. Davis, Councilman Neisewander, George W. Leddall and Michael O'Hara.

It is not contemplated that there will be a racing track the main object being to put it in condition for private speeding of horses, and to furnish a suitable place for bicyclists to speed on their wheels. The movement will no doubt receive the support of many townsmen in addition to those named.

Mr. Levitt an inventor.

Max Levitt, the Main street merchant, has been granted a patent on his idea for a device to bring him big financial returns. The invention is a display case for shirts, neckwear and other merchandise, and may be placed inside, or outside, of stores. The articles to be displayed can be quickly and easily placed in and taken out of the case, and the inventor has constructed that it can be well displayed in spaces which are not made use of at present in and outside of many stores. The invention consists of a peculiar construction of the various parts, and in their novel combination and arrangement. Mr. Levitt has a good thing in the patent and will soon begin manufacturing under it.

DEAR EDITOR:—In reading your issue of April 10, 1899, I notice an article with heading "A Warning Note," signed "A Miner." It is upon this non-de-plume that I am extremely anxious to be properly understood. It is very currently reported that I am the author of said article. Such an assertion is most emphatically derogatory, and furthermore very widely opposite to my conclusion upon said subject, and therefore I could not be in any way connected with it. Believe me to be, under my original name, as follows:

Respectfully yours,

Dog Attacks an Old Man.

Charles Scheele, the well known stone mason of Girardville, and who is sixty years old, was attacked yesterday by a vicious bull dog. The latter sprang at Scheele's throat, but the latter threw up his hands, and the dog fastened his fangs on the man's wrist. The animal then attacked Scheele's son, who came to his father's assistance. The young man was bit severely on the leg. The dog was knocked senseless and then shot by its owner, James Madern. It is said Scheele's condition is serious.

Case Dismissed.

Policeman Mullahy and Watchman O'Hara last night arrested Francis Schwindt, a member of the German-American Fire Co. No. 2, of Mahanoy City, and William Bryant, of the Dewey drum corps. This morning both young men, who came to town to attend the "Hokey" ball, were arraigned before Justice Toomey on charges of being nuisances on the streets. After hearing the evidence of the officers and the accused, the Justice dismissed the case with the remark that he did not think the charges had been sustained.

CHRIS. MAGEE DESERTS!

He and the Anti-Quayites Vote For B. F. Jones, of Pittsburg.

THE DEADLOCK NOT BROKEN!

Senator Quay Was Thirty-one Votes Short, But Still Leads All Candidates—Predictions of Break Freely Made For To-morrow, the Last Day.

Special to EVENING HERALD.

Harrisburg, April 18.—Senator Chris. Magee to-day carried out his promise of last evening, when he said: "I shall not vote for Senator Quay again." This was the result of the decision of the caucus of the Quayites, at which resolutions were adopted pledging the members of that body to stand by Quay until the last, and refusing to consider the proposition of a compromise candidate. At that conference, or immediately thereafter, Senator Magee stated that he and his friends would today cast their votes for a candidate who, in their opinion, has some chance of election. He further said that Senator Quay cannot be re-elected by the present legislature, and that his name would not be presented to the next session of the legislature.

Harrisburg is to-day crowded with prominent Republican leaders from all over the state, including many members of Democrats, who are here to attend the state committee meeting of their party to-morrow, which will elect a state chairman. Tremendous pressure is being brought to bear on the members of the legislature by both the Quay and anti-Quay managers. What effect these appeals will have on to-morrow's ballot it is difficult to say, but they did not result in the election of a Senator to-day.

A conference of the anti-Quayites and other Republicans was held this morning at 10:30 o'clock. Senator Magee and friends participated in the deliberations. Many speeches were made pointing out the necessity of electing a Republican to represent this state in the United States Senate before the legislative adjourns on Thursday.

Under the leadership of Magee it was decided that those present cast their votes in joint session of the legislature to-day for B. F. Jones, of Pittsburg.

Benjamin Franklin Jones is a prominent manufacturer of Pittsburg, Pa. He has exercised a potent influence in shaping the policy of the Republican party and upholding its standards. In 1883 he was a member of the Republican National Committee from Pennsylvania, and was elected chairman of that committee after the nomination of Blaine and Logan, at Chicago, in June of that year.

The result of the vote was as follows:

Quay	90 votes
Jones	69 "
Other	69 "
Total	217 "

Senator Quay was thirty-one votes short of an election, but, as the figures show, still holds the lead. This is a loss of seventeen votes for the Quayites. There are many rumors about to-day as to what may be expected as to the result of to-morrow's voting. Further desertions from Quay are claimed, but this is denied by the followers of the Beaver statesman.

A caucus of the Democratic members of the House was held, at which Representatives Sylvester S. Smith, Harry O. Haag and T. Robb Deyarmon were nominated for tellers on the part of the House to compute the vote for State Treasurer at the general election.

It's the little colds that grow into big colds; the big colds that end in consumption and death. Watch the little colds. Dr. Wood's Norway Pine Syrup.

The Quayites' Conference.

Harrisburg, April 18.—At the meeting of the supporters of M. S. Quay for United States senator, held last night in the supreme court chamber, resolutions were adopted inviting the anti-Quayites to "yield to the will of the majority and elect the regular Republican nominee." During the debate Senator Magee expressed his opinion that the prosecution of Senator Quay was a political conspiracy, but urged the necessity of choosing a senator. Representative Hosack declared he would change his vote from Quay. After the meeting Mr. Magee declared that he and 20 others would do likewise.

Resolutions to Sue For Interest Falls.

Harrisburg, April 18.—In the house last night Mr. Nye, of Philadelphia, introduced resolutions intended to authorize suits against ex-State Treasurers Quay, Hyswood, McKee, Boyer, Morrison and Hart, or their estates "to recover interest appropriated to their own use by private individuals." The resolutions were ruled out of order on an objection, and a motion to introduce them under suspension of the rules failed.

CLEAN THE STREET.

A Plan to Keep the Paved Portion Free From Rubbage and Dirt.

Unfortunately, Shenandoah has but two squares of paved streets, and these at least should be kept clean. The Supervisor has but recently cleaned off the winter's accumulation. A plan has been suggested that the residents along South Main street and the borough authorities might adopt, and which would result in keeping the paved streets in a presentable condition.

The plan is that the people along the paved street sweep the dirt in piles in front of their respective residences, say once or twice a week, and the borough haul it away. Most people who are willing to do anything within reason to get rid of the offensive dirt will no doubt heartily agree to this proposition and the borough authorities can hardly object to such an economical plan of street cleaning.

Many who have given much thought to the question of cleaning the paved street, have come to the conclusion that the process suggested is the best remedy for the time being at least, and think that official notice should be given that until otherwise ordered the borough will haul the sweepings away every Tuesday and Saturday mornings.

There are some people who think that the borough should do the entire work, but that would prove very expensive and a large amount of the taxes would have to be expended to do it effectively. The plan suggested is a great money-saving scheme, and the people will find that it will work nicely if they enter into it. In this way pavements and streets can be kept almost free from dirt at a very small cost to the taxpayers.

Our people should not think that this is an unjust, or beyond reason, for in very large cities similar schemes have been successfully carried on for years. In Wilkesbarre, for instance, the streets are cleaned entirely by the residents, by then paying a certain sum each month towards the expense, the same as the people have done here for sprinkling the streets. In York the plan suggested for Shenandoah has been satisfactorily enforced for a long time. There is a hearty co-operation noted in both places named above, and the people will no doubt accord the same thing here. About fifteen minutes sweeping twice a week will guarantee our people clean streets. What say our borough officials?

Against Taxation of Savings.

At a special meeting of the Building Association League of Pennsylvania, held April 15th, the following minute was unanimously adopted:

The Building Association League of Pennsylvania, hereby firmly protest against taxation of the Local Associations of the State for any purpose whatsoever. The savings deposited by the 300,000 members in the state are already fully taxed in real estate, and the further assessment of taxes would greatly discourage the members who are thrifty home seekers. It having been intimated that some Associations favored taxation, we hereby declare that such is not the case. The Associations of the state being a unit against such a measure.

BRIBERY PROBERS!

Rumored That Spitz, Coyle, Costello and Others be Prosecuted.

TWO REPORTS WERE SUBMITTED.

Majority Paper Recommends the Appointment of a Committee to Institute Proceedings Against the Men Named—Action This Afternoon.

Harrisburg, April 18.—Two reports were presented to the house yesterday afternoon from the committee appointed to investigate the charges of attempted bribery in connection with the United States senatorship and the consideration of the McCarroll bill and the bill in the house. One was presented by Chairman Fow, and is signed by himself and Messrs. Dixon, Koonitz, Randall and Young. The minority report is presented by Mr. McClain, is signed by McClain, Krebs, Tighe and Voorhees. By agreement between Messrs. Fow and McClain action on the reports was postponed until 4 o'clock this afternoon.

The majority report declares that "in the opinion of those who have signed this report the evidence discloses that undue means were taken by many persons to corruptly solicit members of this house, both for the purpose of influencing their official action in reference to the McCarroll bill and also in reference to their official action as to the election of a United States senator. That said corrupt solicitation consisted of offers of money, position, advantage and political preferment.

"Your committee respectfully report that there is in their opinion sufficient evidence against Charles B. Spitz, John R. Byrne, Parker Titus, Frank B. Jones, Monroe H. Kulp, Thomas M. Moyses, Robert Evans, John J. Coyle and M. J. Costello for this house to direct that criminal proceedings be brought against them, and it is recommended that these proceedings be immediately commenced and vigorously prosecuted."

The minority report reaches substantially the same conclusion as the majority, but "fails to find evidence of corrupt purpose or solicitation on the part of Mr. Rosenberry." It proceeds: "The minority is of the opinion that the act of Mr. Harder does not fall within the interpretation of corrupt solicitation, but that his action from a moral standpoint was unwise and improper. There has been other testimony offered not charging corrupt solicitation in either a legal or fair interpretation of the term, which, after being carefully considered by us, has not been made a part of this report for the reason that no public good, in our opinion, would be served by its being so made, and those whom it concerns, while having committed no wrong and violated no law, might be unnecessarily and unjustly misrepresented."

The House Ball.

The annual ball of the Rescue Hook and Ladder Company at Robbins' opera house last night was an excellent financial success. The attendance was very large, many members of fire companies in neighboring towns being present. The ball was preceded by a treat prepared by the Grant Band. A delegation of about forty members of the Citizens' Steam Fire Company No. 2, of Mahanoy City, accompanied by the Dewey drum corps, arrived on a Lakeside Electric Railway car after the parade. The visitors proceeded to the scene of festivities in a body, the drum corps leading. The latter serenaded several places during the night. The Schoppe orchestra furnished the music for the ball in its usual excellent manner.
